Financial Policy:

Full payment is due at time of service. We accept cash, checks, Visa/Mastercard/Discover, and we provide Care Credit Payment plans.

We may accept assignment of insurance benefits have been verified and coordinated with your insurance company. However, a new patient must pay for their first visit in full at the time of service and we will file a claim for you as a courtesy. Once a positive relationship with your insurance has been established, you will be expected to pay your remaining deductible amount as well as the percent that your insurance company will not pay. We will accept insurance assignment of benefits to cover the remaining amount due. The balance is your responsibility whether your insurance company pays or not. Your insurance policy is a contract between you and your insurance company. Please be aware that some and perhaps all of the services provided to you or to your family member may not be paid by the insurance company.

Our practice is committed to providing the best treatment for our patients and we charge what is usual and customary for our area. You are responsible for payment regardless of any insurance company's arbitrary determination of usual and customary rates.

Thank you for understanding the financial policy. Please let us know if you have questions or concerns.

By signing this policy, you are demonstrating that you have read and understand the financial policy and agree to follow its provisions.
